School Closure

Dear Parents and Carers,

Currently the school will be closed from January 4th 2021

As in the previous school closure, some children will be offered a place as a child of a key worker. These places will be provided for key workers who complete the following form, please complete this form by Monday 4th January 2020. We will be unable, in the event of a closure, to offer childcare on an ad-hoc basis and require this information before your child can take up a place.

If you are currently unsure if you will need childcare support, but think you are entitled to a key worker place, please complete the form so we can register your child should you need take this up. We are unable to provide places for pupils without full details of your current employment and job role. If your child is entitled to a place in school under vulnerable children provision, we will contact your family directly.

Please use the link below for the government's definition of a key worker.

School closure will mean we will be asking a skeleton staff to attend school, so please ensure that you request a place only if it is necessary. We understand there needs to be some flexibility, particularly for front line workers who work a shift pattern, however it would support us if you could indicate your possible requirements so we can plan correctly.

During this time, there will be no direct teaching in school, but provision will be made for the children to access the on-line learning being set by their class teacher and support provided for them to complete this.

All other pupils learning will move on-line onto Teams. If you have a problem accessing this contact your class teacher ASAP to discuss how we can support you.

Thank you for your continued support.

Kind regards

Laura Benardout
